With Outdoor Escapes Salt Lake City as a guide, residents and travelers alike can explore this year-round haven for outdoor enthusiasts and take full advantage of all that it has to offer.

Robin Norris is a physician whose passion for mountaineering and high places has taken him on adventures across six continents. Freddie Snalam--hiker, climber, skier, para-glider, author, artist,

and avid adventurer--died in a climbing accident soon after completing work on this book. He is missed.

just fine, These are so great! it is recommend. for my friend , It cuts slices as thick or as thin as I want with no crumbs-a nice clean cut. I am completely satisfied with it and am happy to have a slot in my product block that it just fits in.

This book is tolerable as a very general guide to things to do in Utah. I found several errors in some of the details. The one that springs to mind is that beer cannot be purchased in Utah on Sunday -- not true last I checked, (sunday). As a local -- it felt as though the authors hadn't really visited here -- just wrote things from other guide books.
