Travel Scotland, UK 2012 - Illustrated Guide & Maps. Incl. Edinburgh, Aberdeen, Glasgow, Inverness & More. (Mobi Travel)

Synopsis

This illustrated Travel Guide is designed for optimal navigation on Kindle and other electronic devices. It is indexed alphabetically and by category, making it easier to access individual articles. Articles feature information about attractions, landmarks, districts, transportation, cultural venues, dining, history and much more. Addresses, telephones, hours of operation and admissions information are included. The guide is complimented by clearly marked maps that are linked to city attractions. NEW FEATURE: The attraction articles now include links to Google Maps. On a dedicated electronic reader with a slow connection and a primitive browser, Google Maps will display the attraction on the map along with metro stations, roads, and nearby attractions. On an internet-enabled device such as the iPhone and the iPad, Google Maps will even show you the route from your current location to the attraction you want to go to. With this travel guide you can turn some eReaders into an audio guides. For example, on the Kindle, just open an article and click Shift+SYM to activate text-to-speech. Put the speaker on the back of the Kindle against your ear and enjoy your virtual travel companion. Press Spacebar to pause/resume text-to-speech.

Customer Reviews

I have purchased both this guide and also Edinburgh Sights. I found that I mostly used Edinburgh sights in Edinburgh. It is somewhat more convenient to use a more limited guide when you are in the city. Although I read the history of Scotland from this guide while resting in the Princes street garden in the shadow of the Edinburgh Castle. My advice would be to download Edinburgh Sights if you are just visiting Edinburgh and download this guide if you are traveling elsewhere in Scotland.
