Customer Reviews

Bought the book with great expectations of getting a fairly compete James Bond 007 anthology, and, that's what I received...however, I am a guitarist not an alto saxophonist and that is the instrument the music was arranged for. (Lots of multiple-bar pauses for the alto-sax.)Yes, I could transpose it, I guess, but that is not what I ordered; at least, what I thought I ordered. And, the CD is missing. The CD sheath is is the book but there was nothing in it. So, either I didn't read the fine-print close enough or I was sent the wrong book. We'll see what happens when I try to get the correct book.Update: The original supplier never responded to my problem, in any way. Fortunately, customer service worked with me and I made a deal for a version I could use having piano/vocals and chords. I can work with this, easily. CS came through like a champ. "0" stars for the original supplier; "5" stars for CS.

Love me some bond.

Good

Even though i accidentally ordered the wrong instrumentation I can still play it. I didn't think this was possible but it happened.

Thank you!
