Family Purity: A Guide To Marital Fulfillment

Rabbi Fishel Jacobs

A Guide to
Marital Fulfillment
**Family
Purity**

Synopsis

The foundation of the Jewish marriage, the Jewish family, and the entire Jewish People is based on the practice of the Laws of Family Purity. In essence, following these guidelines establishes the spiritual purity necessary for a truly happy marital relationship and its blessings. This book is appropriate for both the beginner, who needs a coherent text from which to learn, as well as for the more mature reader's questions. Many are familiar with the Hebrew term for these practices – "Taharas Hamishpacha. Now, Family Purity: A Guide to Marital Fulfillment offers the English-speaking world a comprehensive reference written in a clear, contemporary and original voice. This volume is warm and user-friendly but is constructed of the highest halachic (Jewish law) standards. The numerous Rabbinic commendation attest to this fact. Family Purity incorporates input from world-renowned halachic experts. Importantly, it includes the feminine element as well, incorporating the observations and comments of dozens of women experts, counselors, teachers, and mikveh-ladies into the personal perspective section preceding most chapters.

Customer Reviews

Must own for those who want to be full proof in their taharas ha mishapacha

A+

Amazing book, clarify everything!

Used this book in my chosson classes and oh man is it a mess. The order of things and the way they are laid out is not ideal in my opinion, and more importantly, there is a lot of misinformation in the book. Many of the sources quoted are flat out wrong. I would recommend Farkash's translated book, Tahara Kahalacha over this (which is where many of the sources point to).
Tahara Kahalacha

I ordered from [...] but it is the same book. For those interested in this topic, more than ever, a lot of resources are available. But for those that have sought it out, as I have, much of it is VERY difficult to understand. After all the point is not simply to learn this stuff, but to practice it. Rabbi Jacobs seems to understand this, as the tone and layout of his book stands apart from just about everything else I have read. This is simply a stellar accomplishment. His book has a lot of depth and sections for just about every phase of a couple's life together. I rate it highly enough to have purchased copies for gift giving.

As an English-speaking Lubavitch shliach in Israel I've found this book extremely useful and of great assistance. It is tremendously well written and practical for young couples. It covers a wide amount of possible situations and has extensive footnotes making it a complete guide. Jacobs' expertise of these laws and the book's well-written style make it perfect for all-round use: for rabonim, young couples and established families. I recommend this book highly!
