Customer Reviews

I teach beginners-advanced piano. This book is okay. Not thrilled, but a nice intro to jazz and blues for kids.

Excellent! Great for beginning pianists!

Students seem to love this.

nice!

My 8 years old son love this book. Easy and fun songs to play.

This is a great intro.

This is a great little song book. The songs in this book are mainly all in Middle C position, but almost all of them have some accidentals thrown in...obviously to give it the blues sound. I found it to be a frustration free introduction to flats/sharps. As an added bonus, the words to the songs are very cute and add a little something to it for the kids. Children seem to love songs about puppies, ice cream, and penguins. :) This book is also a wonderful introduction to the Jazz/Blues genre to broaden kids' musical appreciation.
