I will admit that I bought this book just for the photos. I love the notion of "love", period and seeing the most powerful man in the United States so tenderly and lovingly with his family does my heart good! It's positive and inspiring and just makes me feel good! Thank you for the beautiful photos!

Beautiful photos, though the front cover appeared a little used (scratched).

This book is perfect. The pictures are timely and beautiful. Looks great on my coffee table.

Beautiful Book of a Beautiful Couple!!!

I purchased this book as a gift for my father, and when I received it, I was very impressed. The quality of the book, the photographs, and the positive messages throughout it are outstanding. My mom wanted the book for herself, and actually read it before my father did. Both of my parents love the book and it's a great gift to give to others or to keep for yourself.

Everyday life in the White House. Such a lovely family.

Excellent book.
