A lot of us have already been asked this question - some of us must have answered yes, many could have answered no, and others would say: "I will, when I see one". Well, if you had to experience even one of the things that we discuss in this book, perhaps, you will change your mind on actually seeing ghosts. It may be hard to accept that the place we are living in is occupied by entities we cannot see. Many claim that if a place becomes abandoned for a long time, then ghosts may see it as a sign of welcome, and hence, they would reside in that area. However, there are various reasons as to why a place (or a person) is haunted - it could be memories, a refusal to cross over, deliberately communicating with the dead or perhaps, one is just gifted. Reading this book may make you more aware of your surroundings; who knows, perhaps one of these days, you'll realize that a part of your life is also haunted...Here Is A Preview Of What You'll Learn...True Ghost Stories And Hauntings - The Real ExorcistTrue Ghost Stories And Hauntings - Popper the PoltergeistTrue Ghost Stories And Hauntings - The Ghosts of the Chernobyl DisasterTrue Ghost Stories And Hauntings - The Psychic's Gift and CurseTrue Ghost Stories And Hauntings - The Devil on TrialTrue Ghost Stories And Hauntings - The Curse in Black HopeTrue Ghost Stories And Hauntings - Rudy Loves the ClubTrue Ghost Stories And Hauntings - Heidi Wyrick can Talk to GhostsMuch, much more!>>> Download this book today!

Customer Reviews

Not scary, not credible, not edited. What more is there to say? It's not that I don't believe in ghosts, I don't believe in nonsense.

Great work from Travis S Kennedy. Most of the stories are fairly recent and they keep you on the edge of your seat, especially if you're fascinated by the paranormal. Pick up a copy of this and enjoy

Although most of the stories I have heard before being a avid ghost story reader, this was a good book. Didn't go into too much information as to overwhelm the reader but did touch on both sides of these cases and alternative explanations.

It was very interesting

Although I knew the majority of these stories, had I not, this book would have gotten 5 stars. Well written and to the point. It was a quick read because there wasn't any extra "fluff".

Enjoyed this book. Stories are interesting.

Too much narrative and not enough of the actual stories.

I thought it was a pretty good read. It was quick and well written, but I would have loved to read more encounters about some of the places.
