"I live just outside of Atlanta and I was delighted to find this book to share with anyone coming to visit. Also, it reminds me of the best things to show to family and visitors when they come to Atlanta...Go get this book if you are considering visiting Atlanta or if you live here."

Description:As someone who has lived in and visited Atlanta many times, I can tell you that Atlanta is a beautiful and charming city with a rich history and many exciting things to do and great places to eat. It was very difficult coming up with the top things to do and top restaurants, because Atlanta has so much to offer. There are a lot of comprehensive travel guides out there showing you everything that Atlanta has to offer. But in our opinion, not all of those things are worth your time or money. So, our purpose was to take all of the things to do and places to eat in Atlanta and condense them down to our top 10 lists. That way, you can make the most of your time in Atlanta, since we know that your time is valuable. In Atlanta's Top 10 Attractions and Restaurants you will see our top 10 things to do list, including parks, attractions, and museums. You'll also get access to our top 10 restaurants from pricey to value priced. And for both the attractions and restaurants you'll get all the important details and will find out what stands out about each and what to watch out for. And we even included some tour guide services if you'd like some help getting around Atlanta. Be sure to bring your Kindle or other reading device when you hit the Atlanta streets, as you will want to refer to our guide throughout your fun filled trip. You'll notice that we have provided links to maps throughout the guide so you can quickly find your way. We hope that this guide inspires you to go out and discover something new and exciting in Atlanta! So, order a copy. You won't be sorry!

Customer Reviews

This is a perfect travel book especially for Kindle. Full of very useful information, I really liked the fact that the author has taken time to add pictures. However, what is really cool about this book is the fact that each recommendation has a link to a map, so you do not need to carry those awkward, oversized, outdated things around with you. It is easy to read, and the historical information that accompanies each attraction is very interesting. I bought it for my sister as a gift for her trip to Atlanta and she loved it.

I live just outside of Atlanta and I was delighted to find this book to share with anyone coming to visit. Also, it reminds me of the best things to show to family and visitors when they come to Atlanta. I assure you I will be gifting this book to many people. At this price, I can send out a lot of the books. I really like the photos and the map links to show where the different suggestions are located. It will come in handy when planning where to go. Go get this book if you are considering visiting Atlanta or if you live here.

A short read, this book provides a nice little overview of fun things to do in Atlanta. It hits the highlights of each, and gives you a starting point on research of where to go on your Atlanta trip. Mostly I agree with it...the aquarium is amazing and not to be missed; the Giant Pandas at the zoo were worth the price of admission. Both of these we will definitely see again the next time we are in Atlanta. The Coke Museum was sort of "meh" to us, and I wouldn't bother on another trip, but still I'm glad we did it once.

My sister lives in Decatur near Atlanta, and every time I go visit her, all I see is Decatur...After listening to me whine a bit, friend suggested that I pick up this book and start to explore this incredible city. Whether you're planning to go to Atlanta, or already there, you'll find this guide useful and fun to explore. I especially liked the links through to the maps so I could figure out where things are in relationship to her house. This will make our visits much more fun!

It's ok, a little boring I wish there were more things that it listed, there isn't enough! Atlanta has a ton more things to do, I am dissatisfied with this book.

I could probably have just gotten this information on the internet. A good feature was that I have it on my Kindle Fire, so it is easily portable.

Have been reading this to prepare for trip. Love the detail on the maps. Also love the links to the websites of the featured places. Cannot wait to use it in Atlanta!
