Customer Reviews

Maybe a little out of date, but an excellent map to have for Belize - waterproof, durable, easy to read, seems pretty accurate, and a great value. It is well worth the money - and then some- for driving and getting around in Belize. If you have been and driven there, you will appreciate this map.

An invaluable asset in Belize, unless you are a native.

Wonderful travel guide for Belize.

Only buy this guide if you have lots of money. The only accommodations and restaurants listed are really expensive. Other guides have much more information about attractions.

You can find the same or more information searching online. Save your money.

this book was helpful in planning a trip without a travel agent. my daughter and I are going in the middle of June.

Great book to help me prepare for our upcoming trip!

Great book. Not long winded. Very detailed must buy book for anyone traveling to Belize. We are traveling this summer so hopefully I can write another review after the visit

Tons of information for anyone travelling to Belize!
