Customer Reviews

This is a sad little (literally) travel guide. It consists of a whopping 39 pages of large print. That includes 12 pages of "places to stay, eat and shop", which I prefer to find on my own spontaneously

and really don't care about in a travel guide. That leaves only 27 pages of real travel information including 5 short paragraphs of culture and no history information, which I think is an important part of traveling and learning about the area. I realize Lithuania is a small country, but surely it deserves more than this in a travel guide!

This handy and reasonably priced Kindle edition offers a brief, but excellent introduction to this fascinating nation. Perfect for anyone who hopes to visit Lithuania or simply wishes to learn more about the country.
