Customer Reviews

Very helpful, lots of great flag football play ideas and very descriptive run plays and lots of good formations very great read

You can't beat the price for the amount of information provided. This will at least make it seem like I know what I'm doing.

4 or 5 plays for \$3, is crap

Book was very helpful in coming up with new plays for my sons flag football team

First time coach of any sport. This book helped me to close the gaps. It is truly a life saver for me. Quick and simple concept to teach young kids.

This playbook is only good for Pop Warner flag football and even then most of these plays would suck like a Hoover. Extremely simple, designed to do one thing: take your money. Just say no.
