## **Customer Reviews**

Easy read with lots and lots of useful information in bite-size chunks. I feel so much more prepared for my hosting days with this book under my belt. I appreciate all the stories and anecdotes that allow me to learn from someone else's nightmares. Thank you.

This book is full of honest, practical information. She's not making any wild promises about how you can be rich (rich, I tell you!) from being an Airbnb host but she is giving you everything you need to be a productive and popular Airbnb host. Written without any hype but a whole lot of truth, if you're even thinking about being a host (or want to improve yourself as a host), you really want to read this book.
