Customer Reviews

This book is absolutely terrific!! It gives such thorough information on the many Cape Town beaches and how they differ. - I feel confident and excited as I will have all the necessary information for choosing the right beaches for us to go to. This book will be valuable to us when we make our trip and I wouldn't travel without it. I want to acknowledge the author for writing it so beautifully and with such helpful detailed information.C. Elkins

I'm planning a trip to South Africa for 3 weeks and found this book on the kindle. I knew I was going to be spending a lot of time on the beach at Cape Town, so I thought this would be a good resources- and so far it has been a really great help for researching. What I like the most is that the information is written for different types of readers and travelers. Great eBook!

I was having trouble researching for my trip to CT so I decided that I shouldn't go the free route anymore. I bought this eBook and was reassured that eBooks can be better than plain old online researching. It was nice to be helped along with the information and trip planning. This is definitely the best way for someone to plan their beach-related travel in Cape Town.

This book is a very detailed and accurate resource for travelers going to Cape Town today. I thought it was very well worth the purchase. One thing I particularly liked is that the author spoke to each type of traveler's needs instead of just naming a few nice beaches. I really appreciated that they took the time to give me the honest advice.
