Awesome travel tool! Your one-stop guide in visiting France! This book gives you all the details you need for sightseeing, shopping, restaurants, beaches, and accommodations that makes your vacation in France a lot easier and worthwhile. With this short eBook, you can already have a vivid picture and overview of France that will help you explore the best places it has to offer! I would suggest though that photos will be added to add excitement and to provide a clear picture of the beauty of France. Worth recommending!

Travelling is really fun to do, going to places you never been and exploring the globe. This guide

book is really perfect for you if you will travel to France. this is very detailed that will let you know all of the coolest things to do, see, and eat around the country, A very concise and informative guide book.

This book does not really contain helpful hints about traveling to France. These are overview suggestions, that you can find anywhere on the internet. Not what I was looking for.

Basic info you've could find anywhere no special info. No help at all can I get a refund Please !!!

This book is horrible! Elementary school broken English. Short book with very little substance.
