The Language Of A Mystic Series: Vol 4: Application: The Symbology Of 4

Synopsis

There is a point in your experience when you come to the awareness that you have participated in the creative process; although finished is a non-word when dealing with mystical subjects. That word leads you to believe there is an end point, but in an infinite universe how could that possibly be true? Take the example of an association between two people. Whether the two people are creating attitudes, ideas, or babies there is an on-going process of cycles from beginning, separation, and creation. When the cycle moves from beginning (1) through separation (2) to creation (3), the cycle then expands to the next cycle spiraling outward and upward. This is the subject of the 4th booklet in the series Language of a Mystic:Application. To learn more, download it now!
