The book was delivered on time, but it is covered in stains of a sticky substance which spoiled the whole book. You can still read it, but it looks disgusting and used (was announced as new)

This is the book I use with my students. It has a matching sections where the students needs to read the word in context and match it with the meaning. It also contains analogies. I definitely recommend it.

Great book and very detailed. Requires alot of defining and writing. Just what I was looking for.

It is what it is. Nothing more and nothing less. it is the same thing being described. And it is cheap

Got this as a present for my Mom & she loves it. Highly recommend. Arrived super fast, great quality, great price! Thanks! I am very pleased and would definitely recommend this product! does

exactly what it says for a great value It does a good job. Nice.
