OK. fast shipping, OK. send it to my teacher as a gift, Awesome product! Works perfectly for leveling and trimming cakes!

Let's just say it's the ONLY one so far that's universal in scope (but see my caveat at .co.uk). A Day for a Lay's international coverage is patchy in the extreme, capricious even, and anyway it only covers men. Time to be all-embracing, I feel; in the meantime we'll just have to make do (!) with David Lehman's glorious 'best erotic' anthology, which is all-American but in every possible combination.

I'm very pleased with the purchase and transaction.

This is simply the best book of its kind. It provides definite proof, ACTUAL POEMS! You'll be astonished by these very famous poets who, previously unknown to you, wrote homosexual verse--at times, very explicitly homosexual verse, at that. Enjoy
