Customer Reviews

I started playing in a Metallica tribute band, and needed to learn 40 Metallica songs FAST!! I did not have time to learn it all by ear ,including the solo's, so I splurged and bought almost every Cherry Lane, "play it like it is" Metallica book out there. This company has been releasing these books for over 20 years and the transcriptions are always 98-100% spot on!!!! You will never be disappointing or playing the wrong notes from the songs this company transcribes. They also transcribe for most of the monthly guitar magazine publications in the world, so that should speak for itself!

Great book. Very accurate tab.

perfect

I love Metallica, so I love it, but I am a beginner... So it is a bit hard for me, well, it is very hard for me right now. But it is fairly easy to read.

Exactly what my husband was looking for; love it!

Book came in awesome condition.

make sure you can play fast

I Bought this for my boyfriend as a christmas gift, he's just getting back into playing and he absolutely love it, the smile on his face when he opened it was amazing!!!
