Book by HOLT MCDUGAL

Works great, good test generator.

Excellent price and very convenient way to get college books

great price and service

Great price and just the right textbook for daughter. Pls make sure you order correct edition since one is for VA so note the cover closely when ordering. Good condition as expected.

It was a well written book for school. It is worth the price for the class. Get it used to save some money. It is just as good.

Pages were cut out all thru the book. Huge let down, as I really needed this book. A used book

would have been better.
