Full Bleed: New York City Skateboard Photography

Synopsis

Skateboarding in New York City is a singular experience. It is impossible not to feel the magnitude of the landscape, and with the city in constant motion, skateboarding is both exhilarating and extremely dangerous. There is no right or wrong way to navigate this vast terrain. Only one thing is certain—the skaters and images produced in New York City are wholly unique. The shots in Full Bleed span 30 years, with contributions from over 40 photographers. This is the first-ever comprehensive overview of the one of the most diverse and rich skating locations in the world, bringing together legendary skaters and iconic photographers.

“The book captures the sensation of flight and movement within heavy, confining spaces, and the sweeping colors of the boards, the graffiti, and the riders as they fly between the gray sky and grayer pavement” —[The New Yorker](#)

These photos capture the vibe, beauty and athleticism of the NY skate scene when it was real, raw and before every wannabe hipster rode a board. Whether you love skating or love New York, this is must have for any collection.

I'm biased since I have a bunch 'o shots in here but I GUARANTEE you that this is the closest you can get to a photographic history of the emerging New York City skateboard scene. As Bruno Musso said, "it's our yearbook." Skateboarders are creative, visual and have a desire to document what goes down. And most of these shots were taken when we were just realizing that the whole city was skate-able and no one but us knew. Now everyone knows -- NYC is a skateboard mecca with virgin blacktop and mad talent everywhere. Mullaly in the Bronx (pictured) was NYC's first skatepark built in 1990 and now there are over 20 in NYC and growing. Thank you Andre Razo, Ivory Serra and Alex Corporan!
