When you're young and you think of having a boyfriend. You think of his physicality and not his heart. I have to remember that what you manifest is what you will get. I have been with men in my life who of course didn't know themselves. I didn't know myself. Now that I have a better understanding of what I want in a MAN, I realize that this book is a great representation of healthy love. This book shows you how healthy love can be and how soulful it can be. Love is not f\$\$\$\$\$. Its being in sync with someone who wants you as much as you want yourself.

This book speaks to the times when one really loves, honestly, openly, passionately. It's the dance of love in my mind and heart and the way it should be in life with the one I love .

This book is a total love offering of longing and vulnerability wrapped in a honest timbre of passion and surrender. Sublime. Abstract. Tactile. Just decadent hot chocolate luv dripping uncontrollably. Enjoy. Peace.

Such a beautiful book and very inspiring to me as a writer and lover. The words just make me pause and reflect. The images bring a smile to my face.

I smiled thee entire book and felt every bit of love from every word. So healing. So sexy. So Great.
