# William The Crack Shot Kid: Book & CD (The Music Literacy Art Series)

## Synopsis

The books in this series are designed to combine music, text, and illustrations as a way of telling stories written specifically for young children. Works by Ralph Vaughn Williams, Camille Saint-Saëns, and others are used as a backdrop for each story. The destruction of the apple tree had brought a time of great sadness and despondency to those living nearby. However, one day the signs of new life on the tree cause a real stir. Discover how William turns this new hope to everyone's advantage. This story introduces The William Tell Overture by Gioacchino Rossini.

## Customer Reviews

Not the best listening book, but serves its purpose. The story is unique and the CD is provided.

Also, the book gives the time so it links up nicely with the CD. I'll be using this as my introduction to the William Tell Overture with my students.
