Bible Bookmarks To Color: DIY Bible Verse Coloring Bookmarks For Christians (Handmade Religious Bookmark) (Volume 1)

Synopsis

The coloring book that lets you turn your coloring pieces of art into your personal inspiring bookmarks! This very book, "Bible Bookmarks to Color: DIY Bible Verse Coloring Bookmarks for Christians", comes with 30 unique designs. Each design is a "pair" of line arts in rectangular frames sized 2 x 6 inches, a standard bookmark size with wider space to color in, while compact enough to fit any sizes of books you would read. Therefore, this book can be your coloring book for relaxation & stress relief, and also a raw material that you can color in and make your own colorful bookmarks. As easy as pie, the book comes in handy with bookmark making instructions [the coloring pages are not card stock. They are designed to be glued on card stock to make a bookmark sturdy], as well as the color bleed test pages that let you test any medium and use a protection, if necessary, before real application to a coloring page. The designs are meant for beginner and intermediate so it could also be a coloring and bookmark crafting activity that family members, kids and grownups, may spend time together creating these colorful bookmarks. This book is therefore great as gift, and the bookmarks that you made can also be cordially distributed to make a nice gesture among friends, persons you meet at the church, relatives, or any bibliophiles that you know and care about. Plus, every single pattern comes with the most beautiful and powerful scripture verses from the Bible, so the book does not only let you relax by coloring, but also gives inspiration and encouragement that one could only receive from God's words. Let this book "Bible Bookmarks to Color: DIY Bible Verse Coloring Bookmarks for Christians" inspires the reader and colorist in you, and, with your bookmarks, guidance from the Lord can be with you every page turn!

Customer Reviews

The bookmark designs are nice for the most part. However the paper is low quality. Colored pencils do not work on this paper, makes the bookmarks look like children did the coloring. Recommend fine liner pens which look nice, but be careful not to soak this thin paper. Also too many of these require leaving a white background which I think is boring.

An inspiration for all of us and a great gift for all who read.

Nice Bookmarks, a lot to color on them! Small coloring, but on both sides makes for a delightful bookmark!

Great gifts
