It had to happen. The spunkiest sass mouth in room 9 finally graduated from kindergarten. Now the inimitable, irrepressible Junie B. is a first grader--at last! ("My name is Junie B. I think I have mentioned that to you before... B., B., B., B., B.") The 18th installment in Barbara Park's popular beginning chapter-book series puts our temperamental heroine into a brand-new class where she has to make brand-new friends. And as if that weren't hard enough, her brand-new teacher, Mr. Scary ("He made that name up, I believe," Junie writes in a journal assignment), figures out that she needs eyeglasses. Will all the other kids laugh at her? Will that obnoxious Excellent-plus-getting May become even more obnoxious? With Park's solid track record, the appeal of Junie B. just can't be doubted-she can be a good friend to readers her age, which is a difficult grade level to find fun books for. And even kids who don't need glasses will likely still giggle along as Junie B. plays "the E game" (an eye test) with the nurse, and kids who do need glasses will find themselves with a strong (if a little scared at first) ally. Gr 1-3-While first grade offers a whole year of exciting possibilities for Junie B., things get off to a confusing start. Feeling tentative about her new teacher, she renames him Mr. Scary. Her last year's best friend now has two new best friends and her old bus pal has a new buddy. Then, Junie's teacher discovers that she needs glasses. Now that is something to worry about. "What if Room One laughs their head off at me? What if I look like a goonie bird and no one wants to be my friend?" However, her classmates, who already agree that twins with rhyming names, a boy with a spiky gel hairdo, and bilingual Jose are fascinating, determine that Junie B. and her purple glasses are definitely cool. As always, Park is in touch with what the kids know and how they feel. A satisfying read, especially for fans.Sharon R. My first graders love the Junie B. series. They find it funny, relatable, and always ask me to keep reading when I stop. This book is no exception. It covers the fears and issues that most first graders face when first coming to a new class. It helps problem solve and makes the students feel more comfortable about their worries. The book arrived carefully packaged.

He loves it thank yoU!

Fun to read

My daughter loves it. I bought it to help her understand the transition to first grade in a new school. She found that some characters in the book are very alike to her classmates. Very nice book.

Bought this for my 6 year old granddaughter who is going into first grade. She had to have this. I will buy her anything she wants.....so I got off pretty cheap for \$5.00. I did not open the cover but her Mom approves of it. Enough said.

My first grade granddaughter loved this book! We read it together and laughed at Junie B.'s adventures. A fun book to read. We read it just before she started 1st grade. I highly recommend this book for 1st graders.

as described

My youngest got obsessed with Junie B in Kindergarten and was excited that she moved to First Grade just like her.
