Wanderings In South America (Latin American Adventure Series)

Synopsis

Excerpt from Wanderings in South America: The North-West of the United States and the Antilles in the Years 1812, 1816, 1820 and 1824I offer this book of Wanderings with a hesitating hand. It has little merit, and must make its way through the world as well as it can. It will receive many a jostle as it goes along, and perhaps is destined to add one more to the number of Slain, in the field of modern criticism. But if it fall, it may still, in death, be useful to me for, should some accidental rover take it up, and, in turning over its pages, imbibe the idea of going out to explore Guiana, in order to give the world an enlarged description of that noble country, I shall say, fortem ad fortia misi, and demand the armour; that is, I shall lay claim to a certain portion of the honours he will receive.
