Little Blue And Little Yellow

Synopsis

Leo Lionni's first picture book has at last found its perfect format in this sturdy board book for the very youngest child. Little Blue and Little Yellow are best friends, but one day they can't find each other. When they finally do, they give each other such a big hug that they turn green! How they find their true colors again concludes a wonderfully satisfying story told with colorful pieces of torn paper and very few words. This classic tale of friendship also offers a playful introduction to color concepts.

Book Information

Lexile Measure: 440 (What's this?)

Board book: 42 pages

Publisher: Knopf Books for Young Readers; Brdbk Rep edition (June 14, 2011)

Language: English

Customer Reviews

"An unusual, imaginative, stimulating, and appealing picture book." • The Horn Book Magazine "Abstract art with heart." • School Library Journal's Top 100 Picture Books Poll (voted #66)

Leo Lionni, an internationally known designer, illustrator, and graphic artist, was born in Holland and lived in Italy until he came to the United States in 1939. He was the recipient of the 1984 American Institute of Graphic Arts Gold Medal and was honored posthumously in 2007 with the Society of Illustrators' Lifetime Achievement Award. His picture books are distinguished by their

enduring moral themes, graphic simplicity and brilliant use of collage, and include four Caldecott Honor Books: Inch by Inch, Frederick, Swimmy, and Alexander and the Wind-Up Mouse. Hailed as “a master of the simple fable” by the Chicago Tribune, he died in 1999 at the age of 89.

Simple illustrations are beautifully effective in telling this story of friendship

Wonderful book for preschoolers and shows them how to make green from blue and yellow

I read this book about 20 years ago. I was glad to finally be able to purchase it. I enjoyed it again because of its simplicity. I wanted to share it with my 4 year old grand nieces but need to find yellow and blue cellophane. It would be quite fun if there were pieces of cellophane embedded in the book. Then a youngster would have no problem understanding the changes that occur in it.

Beautiful book and wonderful age-appropriate storyline for young children about celebrating difference and understanding. So important, especially in these times.

Lovely book--my 3yo enjoys it. But there's a grammatical error or two, which--given how short the lines of text are--I find hard to understand how they weren't picked up in editing.

Classic children's book I read as a child. So simple yet so full of imagination. I passed this one to my 3 year old toddler and he seems just as fascinated with it as I was as a kid. I highly recommend this book. It teaches the blending of blue and yellow too.

Item arrived safely and was exactly as described. Good communication, great seller. Thanks.

This a classic that I purchased to share with my students. I use it to talk about colors and friendship. I love that blue and yellow are changed by being together and bring that home to their families. I am working with English Language Learners and we are learning so much from each other.
