Florence Temko, author of many craft books, has appeared on television, written for various newspapers, and conducted numerous programs on papercrafts at schools and museums. In addition, she has been listed in the World's Who's Who of Women.

We got this for our 6 year old niece and she loves it. It really is great for beginners.

Well written and clear instructions. Easy to understand for all ages. Great time filler that doesn't involve a screen!

Very easy to follow for my 5 year old.

Simple and probably a decent "first" for kids, but the creations are not very usable or interesting for my 6 year old.

My 6 yr. old granddaughter loved this book. With a little help, she made several of the origami animals!

Purchased for six year old and he has no problem following instructions. Adults will enjoy making the animals for the smaller ones.

Fun projects, but requires cutting and Glueing

My 7 year old loves it! It's great for working on her fine motor skills
