Stick Dog Dreams Of Ice Cream

Synopsis

Stick Dog and his pals are back, but this time the temperature is rising and they're all feeling the heat. They need cold, cold ice cream on this hot, hot day! It will take all of Stick Dog's smarts to guide his friends to a scrumptious ice-cream feast. They'll battle a water-attacking machine, discover rainbow puddles, and chase the strangest, loudest truck they've ever seen. But there's a looming threat to their mission—Stick Dog gets spotted by a human. And the police are on his tail. If he's captured, Stick Dog may never see his friends again. If he escapes, it's ice cream for everyone. With hilarious text and stick-figure drawings, reluctant readers will eat this one up! Perfect for fans of such series as Dog Man, Big Nate, Timmy Failure, and Diary of a Wimpy Kid.

Book Information

Lexile Measure: 700 (What's this?)

Series: Stick Dog (Book 4)

Hardcover: 224 pages

Publisher: HarperCollins (May 19, 2015)

Age Range: 8 - 12 years

Grade Level: 3 - 7

Customer Reviews

Gr 3—Stick Dog, Karen, Poo-Poo, Mutt, and Stripes kick off this story in the woods, where they are trying to beat the heat by sticking to the shade. It soon becomes evident to Stick Dog, the most intelligent of the crowd, that he and his pals are in need of a stronger solution, lest they all melt. They soon spot an ice-cream truck and devise a plan to cool off. The stick illustrations throughout are good, goofy fun and will attract readers who can't get enough cartoon-style illustrations amid a middle grade romp. Stick Dog is a slightly condescending narrator,

though readers will likely overlook this in favor of the other dogs' humorous quirks. Familiarity with the previous books isn't necessary, but expect readers who pick it up to look for the rest of the series. VERDICT A solid purchase for reluctant readers or for libraries looking to build up a section of titles in the "Diary of a Wimpy Kid" vein. — Ashley Prior, Lincoln Public Library, RI

— “Full of silly, slapstick doggy humor. An enticing package.” — Kirkus Review (Kirkus Reviews)

This is our third Stick Dog book. We started with an advanced reader copy of the first book and since then my twin 8 year old daughters have waited tooth and nail for each subsequent book. I ordered this so it would arrive the day it was released and the arguing and fighting about who got to read it first ensued and tears were involved, that's how badly each wanted to read it. The more voracious reader between the two got it first and blew through it pretty quickly. Her sister read it the same day. Both loved it, laughed out loud the whole time, and both twins have re-read it several times since. Both want to keep this book as a part of our permanent library and will not let me donate this book away. Definitely would recommend this super duper humorous and addicting-to-an-8-year-old book. Careful though, it will leave your kids wanting ice cream, wanting something sweet to eat :)

My 10 year old doesn't really like to read, but when it comes to the Stick Dog book series, she can't put the books down. She will even read the same book multiple times! Love it!

Good read.

What a wonderful adventure filled story! The children and grandchildren love being read to...and didn't interrupt other than giggling at Stick Dog and his friends...they are already asking for the next book in the series to come! I highly recommend this series for all youngsters...refreshingly quick witted and author Tom Watson certainly captures the hearts of each character....amusing, fun filled and adventures for smiles young and old!

This is one of my son's favorite books of the series. He enjoys the characters and reading it with me before bed. The characters are so defined with the personalities you can easily picture them as a real dog.

This forth book in the Stick Dog Series - is one of my favorites. Cover hard and solid.

My 8 year old son loves the Stick Dog series. Lots of humor and adventure and a little life lesson too! Stick Dog always looks out for his friends and puts them before himself. Great series!

My 3rd grader absolutely loves this series of books. I have found that the higher level the books get they may not always be age appropriate for her. But NOT these. Truth be told, I love having her read them to me, they are very cute and funny.
