I love Boston and sometimes need a little help finding all of the hidden gems in the city. This map details all of them.

Detailed and easy to read.

Disappointed! The map is printed paper coated with light nylon, which has the texture of a glossy paper - and hence not durable. There is not enough detail in the map, because of lack of hard plastic, it is not easy to use while in the car.

Easy to read and follow. Was very helpful during a recent trip to Boston.
