He Restores My Soul (The Langston Family Saga Book 1)

Synopsis

When the Langston sisters return home for their mother's funeral, it's not in grief, but in relief. Though Mahalia Langston was known as a gospel music pioneer among the church community, her daughters knew her as someone else altogether. The three women hope that, along with their mother, they can finally bury the secrets that plagued their childhood. But that's no longer an option when tragedy strikes and the sisters are forced to deal with the past they've spent their whole lives trying to forget. With the help of a praying woman, the sisters begin to think emotional healing is a real possibility. Until, that is, they learn their mother had one final secret. A secret so earth shattering, only the grace of God will help them get through it.

Customer Reviews

I loved this story! It's a page-turner from beginning to end, with wonderful turns interspersed at just the right points to provide timely surprises and developments. The story is definitely Christian; its presentation of the gospel is clear. However, it didn't feel artificial or convoluted. Everything seemed natural. Conversation that flowed reasonably because of the situation at hand. Another thing that

was really good was the characters. They seemed real. Man, I could "see" Kristina. And Robin was exceptional, as well. If you're looking for a great story that moves right along, with surprises and really satisfying developments, I suggest you read this book. And I'd be remiss if I didn't add that this story deals powerfully with God's ability and willingness to heal broken hearts and broken situations. Well, now I'm about to drop a few more coins into 's pocket so I can get book two! Great job, LaShonda! Eric M Hill Author of Spiritual Warfare Novels The Spirit Of Fear: A Spiritual Warfare Suspense Novel (The Demon Strongholds Series Book 1)

This is the book that I believe I should have read first as it gave a bit more insight into why these young ladies behaved the way they did and what it was that turned the famous one of them to drugs, alcohol and other destructive behavior. The child in me cried right along with these sisters as they tried to make sense of why they were treated the way they were by the one person they relied on to protect and love them. To say that adults do not know the extent of how they can damage young lives is an understatement in this first of the Langston Sisters' Saga. I found myself experiencing the hurt and pain of their young lives right along with them. Even though I was not abused by my parents as a child, I could still feel their pain and wanted more than anything to see them rid themselves of the damage done and begin to live productive lives.

“He Restores My Soul” was a perfectly told story of three sisters who endured painful abuse at the hands of their mother, including some events that were almost too tragic and traumatic to put into words. As a result, the three sisters each suffered from their own set of issues, but for one of them, the issues were causing her to swiftly lose control. Kristina was a famous singer who, on the outside, appeared to have it all, but on the inside, was suffering from long held secrets that not only kept her awake at night, but haunted her through the day as well. She held on as long as she could, but then one day, her life began to take a drastic turn... This story was smoothly portrayed. The author kept the reader interested and wanting to know what would happen next. I am definitely interested in reading Part 2!

I chose this book because of its ratings. I had never seen so many five stars that I had to see if this was worth the ratings that it received. To my surprise, it was true and accurate this book was a page turner from start to finish. I had finished the book before I realized it. I was in total shock that I had completed the book. This book had me in tears. I enjoyed the characters and I could literally visualize each one. I would definitely recommend this book. I've already sampled the second book

and now I have to purchase it because I curious to find out more.Excellent job LaShonda.

After I read He restores my soul I ended up reading the entire family saga in less than a week. It is just that GOOD!! I even posted on my facebook page recommending it to friends.I'm hosting my book clubs next meeting and have already decided this is what we will be reading! I smiled, laughed, felt every emotion for these characters and this story. I have a new favorite author after reading this!

I so enjoyed this book! It kept me on edge. I was so sad for these girls. They had a mother that treated them shamefully and called herself God fearing. The damage she bestowed on these girls surely she didn't make it into heaven. I was glad to see God started their deliverance and healing when they went to church to hear Xavier performance. Now Omar is being introduced. I can't wait to read what comes next.

No matter how bad it got God knew what they each could handle but he let them each know that he will never leave themMaking the devil mad had always make me so happy that all I can say isGod is good !!!The light can be dim @ times each b person showed the power of prayer

Emotional, raw, & real is what comes to mind after reading this well written book. The pain the sister's carry is a pain all too familiar to me. I loved the flow of the book, the scriptures, & every last character. I will be reading book 2.
