The Little Book Of Butts

Synopsis

Big butts, small scale: Cheeky chicks on the cheap How can we pack so much big booty into such a tiny and inexpensive package? Sorry, but it's a trade secret we can't divulge, except to say that shoehorns and spandex were involved. The original Big Butt Book featured a great cross-section of delectable rears from the 1950s to the present day. Here, in the Little Book of Butts, since life is such an ironic deal, we decided to pare the original content down to just the biggest and the best, in-your-face phatties to which the great Sir Mix-A-Lot alluded when penning, "My anaconda don't want none, unless you've got buns, hun." Then we added in about 30 new photos, just to be generous. Now in these 150 plus photos you'll see the big and the bountiful, then the bigger and more bountiful, in black and white and in color. The models may be largely anonymous, but their curves are legendary, and now that they're collected in a discrete little package affordable by all in these financially trying times, why hold back? Your badonkadonk is calling. Text in English, French, and German

Dian Hanson produced a variety of men's magazines from 1976 to 2001, including Juggs, Outlaw Biker and Leg Show, before becoming TASCHEN's Sexy Book editor. Her 60+ books for TASCHEN include The Art of Pin-up and Psychedelic Sex. She lives in Los Angeles.

This little book was very interesting addition to my collection.As the title suggests it is a book about

the rear ends the derrieres the backside the great booty. To be frank and clear every woman has a butt and upon that but they have buttocks. And we males of a heterosexual nature can't help resist but to be attracted and stimulated by such a thing of quite exquisite beauty and all its naturalness as it's intended. In another review I had mentioned I am not a large breasted Man Fan but I do enjoy breast more natural than anything more than anything. The same goes for a woman's backside her derriere should be natural soft supple delicate but a view of beauty and all its femininity. Meaning of the models in this particular Collective Book and exactly that again as I said in the other review most of the photographic material is from year 2000 and there are a few that are 2000 to current. There's something here for everyone. Definitely a great additional piece just like the other books. 5 out of 5 STARS

Ultimate stocking stuffer for a (straight) man! (I could make more jokes about that one, but I will refrain.) Perfect balance of kitsch, class, humor, novelty and history--with a dash of the absurd. The only downside (pun intended) is that the photos are not dated, and not knowing the exact time period is disappointing for the voyeur journeying through this colorful, historical timeline of buttocks.

Awesome coffee table book of tasteful photography. Nothing but different cute butts. Who doesn't enjoy butts?

Great little book, used as a gag gift and he loved it!

Can't go wrong with butts...simple as that

It is good fun small book and the right priced. The bigger size version is over priced from my point of view. I would have given 5 star if it excites me 100%. It is about 80% excitement. This is one of the four series of the books. My others are the breast and the p__ _ y. I give 100% for the P book. It shows 12 ladies' faces and their Ps side by side.

best coffee table book i've ever had =]

Great book. The only problem is that sometimes the middle of the book folds in and obstructs the pictures. It has a few pages in the front with history that I didn't know about and thought was interesting.
