Lawrence O. Richards has written over 200 Christian books, including commentaries on every book of the Bible and Zondervan bestselling Adventure Bible and Teen Study Bible, which he did with his wife, Sue.

What a wonderful study! So many details about Moses and the Exodus I never knew. The study is scholarly, but in an applicable way using Moses as a mentor. Larry was my Sunday school teacher in the 90's, so I highly recommend this book and his others.

thank you

Although the author rambled a bit at times, this is a good comprehensive study of the life and writings of Moses. The book help one understand Moses and Israel in the context of the time of history in which they lived. I was impressed with his descriptions of Moses' relationship with God.

It is like being a fly on Moses robe and seeing all he goes through, from his birth, growing up in Egypt, and eventually leading the Israelites out of Egypt and into the Promised Land. Full historical information that helps to really understand what Moses and the people experienced.

Easy to read and understand. Makes the scriptures come alive. We use this series in our bible study classes at our church. Could also be read independently of a class.

I really enjoyed this book on Moses, it went in depth in the Bible and caused me to look real close at how I thought about God and my honesty toward Him.

Looking forward to reading this Life of Moses

I have to write what I have about this series of books. Have really enjoyed reading the ones I have and would recommend them to anyone who likes reading about the Bible or for that matter any of the Dummie books. This book came fast and will buy from again
