## Customer Reviews

Incredibly easy to learn. Recommend for anyone.

Targeted at improvers/Intermediates with photos of fingering and example of the chords with popular tunes. But a bit too skimpy /brief (only 48 A8 pages) and should be expanded. For example on the chord accompaniment for different styles. Why knowing chords are useful (most notes will be selected from the chord set), chord sets and progression etc. A mini CD would also be of benefit.
