Customer Reviews

This is an amazing guide to learn how to earn money through YouTube, affiliate marketing and freelance work. I have learned how to create YouTube video and how to sell goods on YouTube. For freelancing there is need of impressive portfolio and a set of skills to complete project successfully. I get keys to get success by earning at home. I highly recommend this guide.

Full of fluff...not that helpful except for an absolute beginner

In this book will be explained how to get some money passively. Even if it is not billions of dollars, it is nice to have this income.

Please don't waste your money. There's only a few ideas here. Nothing you could not find your self in a few web searches

I've started working online but it's not sufficient to address my needs because I am not highly paid. I want to know more jobs that I can do to earn money.

I've read a lot of books about passive income but it doesn't seem to figure out what I need to know. I thought that this book will be those kinds of books too, but this exceeds my expectations. Its straightforward and it focuses on the mindset to make you achieve your goals. I really enjoy reading this book and its pretty helpful.
