Customer Reviews

"Useful advice for anyone trying to get money back. • Money

"Walks you through the halls of small justice and explains how to file a claim, figure damages and argue your case effectively." Kiplinger's Personal Finance

"Step-by-step advice on how to prepare your case, how to file it, and perhaps most importantly, how to collect if you win..." Associated Press

This book provides all the information you need to handle a case in Small Claim Court, including how to evaluate your claim, figure out your best course of action, and represent yourself in small claims court. It provides advice for both plaintiffs and defendants in small claims actions.

Very disappointed. Book is filled with generalities and definitely doesn't "include rules for all 50 states". It's also far from "Step by step advice". The book is better suited for those that have no concept of small claims court, and it could be helpful to someone trying to determine if they have a case. However, if you're looking for step by step guidance, this book is not for you.

Very informative

Another good book in the NOLO series. Clear and concise.

NOLO never disappoints.

I felt this book covered a lot of examples but didn't really give me good examples relating to my case
