I purchased this book (as well as many others) and this was BY FAR the BEST book for getting around NYC!It's small, so it will fit in a woman's purse.It has maps, restaurants, transit maps and info, reviews, walking maps and MUCH more.This is the best book. Forget the rest!

Awesome reference book for anyone seeing New York for the first time. I can't even tell you how often I referenced it both before I went and while we were there. Such good value and so easy to use. Jam packed with great advice.

I absolutely love this travel series! These pocket guides are awesome, it gives you everything in a quick look-up format, and the book is JUST big enough. It gives you hours for museums and activities, and also websites to order tickets and such. I used the Copenhagen Day by Day guide on my recent trip to Denmark, and had an AMAZING experience with its help! When I came home, I knew I wanted to get the New York City version, because I just loved the little exciting finds you get in these books. I live 20 mins away from the City, and go often, and this book is just a great trip

planner/ idea finder for me and my friends every time. I highly suggest getting a different, clearer subway map though if you are a new traveler to the East Coast, the one in this book isn't so great, but the rest of the book, I give it a 4 stars! Also, do NOT be discouraged by the Star system, the author rates things very harshly, so do as much as you can! Also, from a NJ resident to our visitors, Welcome and have an amazing time!! (P.s come visit NJ ;) cause we're so awesome :D)

This is a great travel book to carry with you through the city. We actually purchased it in conjunction with one of the map books. It highlights some restaurants, stores, sights and lets you find them by area of the city (which is great when you're in one area of NY and hungry--nothing worse than saying, ooh this sounds good, but it's on the other side of the city).

I am about to head to New York soon with this book, but receiving it was exactly what I was looking for. It's small enough that it won't be a hindrance when I have to carry everything. Perfect!

...very useful and nice way it written ;-) You won't miss any of the nice places in NYHighly recommend

Fabulous concept for a concise travel book! This book gives you options for your trip based on its length or your area(s) of interest. The book has great maps in each section to identify areas being referenced and also includes a portable map that is housed in its own pocket at the back of the book. Using this book takes the guesswork out of planning by giving you pre-planned 1,2, or 3 day itineraries and overviews of neighborhoods, museums, dining, lodging and nightlife. If you don't have or don't want to spend a lot of time reading or planning activities but still want to hit all of the top destinations, buy this book!!
