Customer Reviews

This is really fantastic!- I have played blues harp forever, and now am picking up chromatic harmonica. All of his materials are fantastic!!!- Only thing I would wish for is for the audio to be

included right there in the ebook, so you can click on the music and hear/see it. But, Yvonnick includes downloadable links to his music, so I can't really complain too much. He also has TERRIFIC youtube videos.

Mr. Prene's music is wonderful, and the scarcity of transcribed jazz harmonica solos make this a 5 star effort. However, the book is not full size. It is 6 X 9 inches, and the point size of the musical type is very small, making it a challenge to see. Hence the 4 star rating. The music itself is difficult enough, without having to deal with the small type. You need to be truly dedicated here, and a magnifying glass helps.

This is great book by a great musician! Is very pleasure listening the Yvonnick's music, and now, We have the opportunity to be learning great phrases. Very recommended!
