Reading this on a mobile device is terrible! (Android HTC One MAX +5" screen) most of the words, sentences, and directions are not appearing on the screen at all.... so I switched to PC screen (FYI 26"); better but every time you go back and forth between the screens and/or the pages that you have tagged the information on the screen disappears and you have to scroll up and/or down to get

them back. It still have some words not completely projected on the PC screen even in "full-screen" mode. I guess this is another trick for to try and sell their Kindle or Fire products. This is not only happening with this book but also with the "GRE Premier 2016 with 6 Practice Tests: Book + Online + Video (Kaplan Test Prep)." Unbelievable... I am a computer savvy and I have tried anything you can think of. Customer service would not refund because they said you should have reported it within 7-days of purchase.

This book was incredibly helpful in preparing for the exam. I believe I even saw one or two of the exact questions on the exam

This book provides a lot of great practice questions for the MAT, I can tell it's going to help me improve my scores.

This is the BEST book EVER to stay for the MAT !!!! i brought my score up several points using this it is awesome and not a ton of pages

Comprehensive book of sample questions in all areas. Great practice for the MAT. Best when used with MAT for Dummies

It is 500 practice questions with brief explanations on the answer key. I was hoping for more. Ive ordered another book to supplement this one.
