# The Wheel Of Time: The Shamans Of Mexico Their Thoughts About Life Death And The Universe

## Synopsis

World-renowned bestselling author Carlos Castaneda's Selection of his writings on the shamans of ancient Mexico. Originally drawn to Yaqui Indian spiritual leader don Juan Matus for his knowledge of mind-altering plants, bestselling author Carlos Castaneda soon immersed himself in the sorcerer's magical world entirely. Ten years after his first encounter with the shaman, Castaneda examines his field notes and comes to understand what don Juan knew all along—that these plants are merely a means to understanding the alternative realities that one cannot fully embrace on one's own. In Journey to Ixtlan, Carlos Castaneda introduces readers to this new approach for the first time and explores, as he comes to experience it himself, his own final voyage into the teachings of don Juan, sharing with us what it is like to truly "stop the world" and perceive reality on his own terms.

WORLD-RENOWNED BESTSELLING AUTHOR CARLOS CASTANEDA'S SELECTION OF HIS WRITINGS ON THE SHAMANS OF ANCIENT MEXICO

Near the end of his life, Carlos Castaneda gathered together and reviewed his seminal works on his training as a shaman initiate, recorded in a literary career that spans over thirty years. The result is this groundbreaking collection of quotations -- the essence of Carlos Castaneda, drawn from his landmark volumes including *The Teachings of Don Juan*, *Journey to Ixtlan*, *A Separate Reality*, and *Tales of Power*. Enhanced with an introduction and original commentary by the author, this powerful work illuminates the shaman's life as never before. Castaneda's words explore how the ancient shamans could literally touch and direct the wheel of time -- a profound yet pragmatic tradition that can be felt even in our day.

its a very nice synopsis of castanedas books. i have read them all and now i can read a page a day to refresh my memory on the important life issues discussed within the series. i convert castanedas message into christian thought even though don juan would disagree. i find it all to be good psychology for aging gracefully. i've considered these books since i was twenty years old and now am sixty three. since i have studied this older gentleman's philosophy i look forward to aging.

This is an excellent "bedside book". The diversity and depth of insights allows me to find new meaning and make sense of this invaluable content in different ways. It is also clear that the content of this book can be understood in many different way depending on where do you stand on your personal journey.

Amazing book. Very mind opening. I wouldn't usually choose such a title but it was on a reading list for a course I was doing. Definitely recommended for anyone looking for inspiration to make a change in their life.

Carlos....

Bought one to keep and 2 to give away... reads like an old friend.... Heard about it from Philosophers notes (20 minute recap of the book by Brian somebody) and had to make the purchase.. Wanted to be able to refer to it again and again. Even though it is mostly quotes... it has its own story line of sorts and it is easy to grow with Carlos through it.

This is a great condensation of Carlos Castaneda's books, looked for something like this. Thanks

I really enjoyed it and it was very insightful, boiling down a lot of great concepts into very simple and easy phrases.

Not Carlos Castaneda's best book. But it is worth a read, but only supplemental to his other works.
