Barnyard Bath!

Synopsis

Here comes Barnyard Bath! It's a waterproof cousin of Barnyard Dance! the famous board book bestseller. And what could make tub time more fun than a book? Especially one that floats. Because let's face it, board books are highly impractical in the tub. Safety-tested, nontoxic, and so much fun! just like Bath Time!, Boynton's first bath book.

Book Information

Bath Book: 10 pages

Publisher: Workman Publishing Company; Bath edition (November 27, 2008)

Language: English

ISBN-10: 0761147187

ISBN-13: 978-0761147183

Product Dimensions: 7 x 1 x 7.4 inches

Shipping Weight: 3.2 ounces (View shipping rates and policies)

Average Customer Review: 4.3 out of 5 stars 114 customer reviews

Age Range: 4 and up

Grade Level: Preschool and up

Customer Reviews

Sandra Boynton is a popular American cartoonist, writer, and songwriter. Since 1974, Boynton has written and illustrated over fifty children's books and seven general audience books, including five New York Times bestsellers. More than 60 million of her books have been sold "mostly to friends and family," she says. She has also written and produced five albums of award-winning children's music. Three of her albums have been certified Gold, and Philadelphia Chickens, nominated for a Grammy, has gone Platinum. She lives with her family on a farm in New England.

This is a clever and fun bathtime adaptation of "Barnyard Dance" by the same author. The washcloth that comes with it is not exactly award winning quality, but the rhymes are fun, and my 18-month old (who loves books) had a blast "washing" all the animals in the book; Boynton goes through a whole list of animals that need a bath, and then, at the end kids "wash the duck - and

chicken too... Silly Chicken, now wash YOU!" I'd put this book slightly ahead of "Bathtime" by Sandra Boynton, simply because I think this one has better flow and a more engaging activity, but both are good buys for the money. I do recommend storing them open on the counters or towel racks in between bathtimes, though, just to prevent them from molding.

my one year old loves this book, and after reading it only a few times she knows to wash the animals and wash herself. it's so cute.ours didn't come with the washcloth, however :(

This is my toddlers favorite bath time book. He loves the noises you make for each animal and likes to flip through the book while pointing to get me to make the sounds.

Barnyard Bath by Sandra Boynton is a cute little bath book for babies and toddlers. Bright and colorful with pictures of farm animals, it is good for playtime as well as bathtime. The story is short and simple and a small washcloth with the cow's face on it is included. The book starts with, "It's bath time! Is your washcloth nice and wet? Let's get going! Ready, set...Wash the duckies. Was the cow. Scrub the piggy. You know how!" Buy the book to find out how it ends.

Adorable! My baby loves washing the animals, and smiles every time we read it. With just a few words on each page, it is perfect for the attention span of my then 6 month old and still a favorite of my now 10 month old. Barnyard Dance is one of our favorite books, and I now get the two books for any of my friends that are having babies!

Sandra Boynton's books are an experience every child should have! The illustrations are simple and captivating with witty and fun themes. Barnyard Dance is my favorite and was excited to see Barnyard Bath in a waterproof book. I bought this as a gift and can't wait to hear how the littles like it.

Initially bought this book because I thought the cow bath cloth idea would be cute. The first time I bought it last week, it didn't come with a cloth. I returned it and had a replacement sent, which I received today. Still no bath cloth! This book is going back this time for a refund.

Thought this would be similar to Barnyard Dance which my toddler has LOVED since the first day we read it. It's not even close. Maybe I was expecting too much from a bath book. It also seems to

have been designed to be sold as a set with a cow washcloth, which I did not get. The "story" is about using the washcloth to wash the animals in the book. She still likes it, but I feel like I overpaid.
