## Customer Reviews

I have never made any Indonesian recipes, until I got this book. All of the recipes inside are very easy to follow and well organized. There are many pictures included with this book, so we can see exactly what our dishes are supposed to look like, when they are done cooking. I can't wait to try more recipes from this book and show off these amazing dinners to my family. This is a great cookbook filled with delicious recipes and I highly recommend it!

I have to say I loved the recipes in this book, I have tried a couple of them, they were easy to make if you follow the directions. My family loved all the delicacies I made reading this book. I would recommend this book if you want to learn to cook delicious Indonesian food.

I spent some time in Indonesia, and the food there is excellent, and rarely does anyone outside of Indonesia know of it. This recipe book instructs you how to easily make this food. The steamed buns, sweet pancakes, coconut rice, chicken satay and the rest are excellent meals. One change I would make: I have had great chicken satay with chicken thigh as well as chicken breast. But this is an excellent book overall. Buy it and serve up a treat!
