Customer Reviews

This book is so poorly written, it sounds as if a fourth grader wrote this as an assignment. The only way this might help your child with staying in their bed is if you plan on letting them decorate their bed frame. Do not waste your money on this garbage.

I got this book after seeing it on the Kindle Buffett list. This one is good for kids you are trying to encourage to sleep in their own bed and had nice graphics which is important to me. My toddler

liked the book but the message was lost on her as she finds our bed the best place in the world to sleep.

This book was really cute. My son, (who sleeps in our bed), thought it was hysterical! Wish I could let him paint his own bed! Maybe that would work for us!

3 year old loved this book. It helped us get her to sleep in her own bed!

My 4 year old loved hearing about Jimmy learning to love his bed. Now he wants to paint his bed so he can sleep in his own bed all the time! Can't wait to read it again!

These books really teach a lesson. My children love to read this collection. We cannot get enough! It is so easy to read on the kindle.

I read this to my daycare children and they loved it

This story is very cute. It reminded me of what goes on in my house sometimes! When I finished reading it with my 7-year-old, he said, "That was a good book!"
