Her firm, Automated Financial Solutions, has been recognized by Intuit as a Top Performer for outstanding achievement in supporting QuickBooks users.

This book has been pretty helpful. I can't say that I'm an expert, but it has helped me to figure out quite a few tricks and navigate much easier through QB. If you have an opportunity to purchased this before you start inputting anything into QB's, I would highly suggest taking that route instead of waiting! It starts from the very beginning with how to enter your company, so it's really step by step.

My daughter is learning as needed for her new job in the QuickBooks 2015 book.

As a practicing CPA, I use the information in this book often in understanding all that I see

Good to a point - was looking for how to credit cards for my small business

This book was very helpful in getting a better understanding of how to get the most out of the program. A great addition to my reference library.

Very Good. It was thorough and easy to understand. I would like a follow-up at an advanced level. Is there one available?

Very satisfied

best as usual
