Tom Fettke is an arranger that meets my needs! His arrangements are just wonderful, melodic and have so much 'depth' to them; they please my heart greatly. They are not difficult, but carry the "Velvet Touch" I so enjoy playing. I have been playing the piano since I was 4; I'm now 86 years old. I was a church organist for 53 years. I have lived in this Lutheran Home since 2009 and play the piano for their church services twice a week. Our people here seem to really enjoy these arrangements. There are several more of his books I want to get for the Christmas Season and will order, hopefully, before October. Thank you for introducing me to Tom Fettke.PS. The books I now have are "Gospel Hymns with a Velvet Touch and Hymns with a Velvet Touch"Jeanean Dearman Lewis

TOM FETTKE - this composer/arranger of music including this piano music book is superior in style,

harmonies, chording and more. I would grade this book as some what advanced. Hymn arrangements are beautiful.

Hymns with a Velvet touch is absolutely on of my favorites! The arrangements are beautiful, for late intermediate/ early advance Pianists. What I love the most about these arrangements is the creativity, simplicity, and beauty Tom Fettke uses on each hymn giving a fuller harmonious sound! It is #1 on my list. And I'm looking forward to see what "Gospel Hymns with a Velvet Touch" will bring! I just purchased it!

Arrived in great shape. And I love a lot of the arrangements in this book

I owned this book and loved it so much that I purchased one for my granddaughters who play in church. It has brought me many hours of pleasure when practicing for church or for my own enjoyment. I certainly recommend it for others.

What a nice collection of hymns & in really lovely arrangements! I do agree with the others who voiced that this wasn't quite as advanced as we thought, however, they are still arrangements that are thoughtful, worshipful, and easy to play without needing much preparation, and that makes it a very nice asset in one's arsenal! Very pleased with this purchase - it will be used often!

This book is great for pianists somewhere between beginner and expert. The arrangements are full of ear-pleasing chords and key changes that make them suitable for both public presentation and private enrichment. I've always been a fan of Tom Fettke's audio music, but now that I've seen the simplicity, yet intricacy, of his piano arrangements, I plan to order more of his books.

Nice arrangements; I wish there were more in it though.
