I think of all the Napoleon Hill books I have " and they are numerous" This one is the best! Andrew Carnegie goes into specific detail about everything mentioned in Think and Grow Rich. Even if this interview/conversation was completely fabricated, and Napoleon Hill never met Carnegie. Many people over many years have had tremendous Success by following the principles in Hills books.

Really good book but I cannot help but wonder did he ever actually meet Andrew Carnegie or is this a work of fiction?

Beautiful. Just as good as Napoleon Hill's Laws of Success with Andrew Carnegie's view points. Must read for any Hill fans.

Amazingly wise.

This was my Introduction to real hope and real success. Thank you Mr. Andrew Carnegie and Mr.Napoleon Hill

This information should be given to every high school/college student. It will allow them to get more out of life than what they would learn or lack there of in school. Now the only thing I didn't like was the voices, I personally like the one that is done called "Think Your Way To Wealth." Both audios are the same in regards to what is talked about but some wording are different in some areas. However, the changing of the wording is very minimal that you really can't tell the difference. If anyone is interesting in the version I am talking about here is the link...http://www..com/Think-Your-Way-to-Wealth/dp/B005FWCPJC/ref=tmm_aud_title_1?ie=UTF8&qid=1412379716&sr=8-1

Unfortunately this is no longer the world we live. We can of course plough ahead regardless but the bridge is broken and I am not sure it can be fixed no matter how optimistic we are.
