Customer Reviews

Rex Miller is Professor Emeritus of Industrial Technology at the State University College at Buffalo. He has taught technical curriculums at the high school, technical school, and college levels for more than 40 years. Dr. Miller is the author or co-author of over 100 textbooks for vocational and industrial arts programs, including McGraw-Hill's best-selling Carpentry and Construction and Electrician's Pocket Manual. Mark R. Miller is Professor and Head of Industrial Technology at the University of Texas in Tyler. He has taught technical curriculums at the high school, technical school, and college levels for more than 20 years. Dr. Miller is the author or co-author of over 30 textbooks for trade and technical programs, including Audel Refrigeration: Home and Commercial and Audel Air Conditioning: Home and Commercial.

chock full of info! all that e-book stuff is cool but nothing beats a real book hardcopy ya know?

Using this as a reference to study for the CWI test. I passed two parts, and needed to retake one more. I ran across this book, and it appeared to reference the areas I remembered as the ones I missed on the test before.

Alot of good quality info very well put.

helped alot, alotta useful informtation, arrived on time

it was very helpful I would recommend this to other people that are wanting to get welding certified the same as I do

This book has helped to successfully pass the Welding exam. It was great to use the questions in our study group.

Very detailed info on Taking and Passing the Cert. Exam

Much needed information.
