Customer Reviews

This was a book to use as a resource for Native American Projects for my students. They were able to read and understand it completely, however, the wonderful colored pictures were a hit with all of us. This is a treasure.

This is quite possibly the sweetest little doll I've ever seen! It's a 10 inch doll so perfect for smaller hands my three-year-old daughter loved it as did my five-year-old daughter. This is a little boy doll he has anatomically correct, and is wearing the tiniest little onesie I've ever seen ! He is completely silicone so no cloth belly which I love! His arms and legs move up or down. The little hat is removable, my least favorite thing about the doll is his hair it's not fancy or anything like that just painted onto the scalp. The eyelashes on this baby are beautiful, in fact every feature on the face is super realistic. I am loving this doll!!! I received the stall free or at a discounted price for my honest review.
