Western Civilizations: Their History & Their Culture (Brief Fourth Edition) (Vol. 2)

Synopsis

The most pedagogically innovative brief text—now connecting western civilizations to broader global contexts and students' own experiences. *Western Civilizations*—written by two expert teachers—is the most pedagogically innovative text for the survey course. A carefully crafted text and media program empower students to master core content, engage in historical analysis, and think critically, and the Brief Fourth Edition has been substantially updated with the latest scholarship that connects the West to global contexts, as well as new “Past and Present” features that connect historical themes to contemporary topics.

Customer Reviews

This book has everything the hardback does, yet it is not easily maneuvered through. If you get this version, please only get it for one class, not an extended period of time or for more classes. The graphics are wonderful and I enjoyed being able to zoom in.

Meh. Another overpriced textbook. Its better than many but is a clear money grab because its actual content is surprisingly bare bones.

Its a history textbook.. not very interesting unless you love history. It was very useful for class.

Rented the book for my history class, for a textbook it was great easy to read not to long of chapters.

I really enjoyed reading this textbook, not only for the class I attended, but also for the enjoyment of learning about our world history. I've retained it to read it for my own pleasure. Mr. Joshua Cole has provided an outstanding and informative book, Thank you!

There is a tear in the back, looks like it's made from pair scissors. Besides that book is in wonderful condition great rental deal.

Being that it was loose leaf, it was not worth price paid. Every time page was turned either ripped out completely or tore. shipping was great!!

Grossly overpriced for college students
