Customer Reviews

The whole 'Strategy' series is excellent. Want to know where George Washington got his spycraft? Want to know why Hitler lost the war? Want to know what Russia thinks that 'National Defense' is not complete without disinformation and media manipulation? Answers are all here! Convenient collection for pennies! Excellent!

The Revenant and The Andersonville sections are truly stranger than fiction. Engaging writing.

Some of it was good (e.g. The Goths), and some was very bad, such as the last article on English history. It could have been interesting, but was as dull as ditchwater. On the whole, not worth reading.

As good as all the other 6 packs

Civil War, Military, POWS, eye witness accounts... great pack of stories all in one! I felt pulled back in time and enjoyed each story. highly recommend

I love these boxed sets - dirt cheap education for the mind and soul. A chance to learn from the greats and find ways to apply it to your own life. I've always believed that looking back and reflecting on the past can provide ample opportunities to grow as a human being.
