Spartacus International Gay Guide 2015-2016

Synopsis

for the gay market! Take advantage of the immense demand for this standard work! The following characteristics make this guide practical and easy to use: The important country information texts stand out in color, distinct and colorful country and city maps assist rapid orientation, address listings are easy to find with the help of a clearly structured and organized listing system. Spartacus International Gay Guide has information for more than 160 countries worldwide. The listing describes each country in an extensive introductory text, as well as the legal and social situation of gay men, including unique cultural situations. In addition, there are small informative texts regarding gay life in many selected cities. The listing contains over 21,000 addresses, covering all aspects of gay life. Whether you are looking for an unusual hotel, the most popular beach, or the local gay information center - here you will find them all. To add to this there are practical tips for your next holidays or business trips. The new Spartacus International Gay Guide 2015: Up to date information at your fingertips.

Customer Reviews

Seriously? We have this question again about where to go or what to do? Page back in my annual reviews. I've owned this guide and every new version for over a decade. This is the single best global guide there is. Period. Sure--there is google. Try that on your next trip. LOL. I've said this several times. I've removed underwear to pack this guidebook. I never jump the globe without it (of course until the new one is released--usually April-ish each year). This is so cheap....it's under 2 drinks in any upper class global club! Have fun!!!

love it!

Very informative. Great guide for any LGBTQ traveling anywhere.

Excellent Book for the Gay traveler. A Must read.

Generally dependable

The book is inclusive of many hotels, restaurants, bars, etc. The content of 1,300 pages is way exaggerated as each listing is translated into 5 different languages. Would have been much better/concise/convenient to sell a single edition of 250 pages for each language. There are also a multitude of advertisements throughout. If I were receiving the info for free the ads would be understandable, but to pay upwards of thirty US and be inundated with ads- ugh! Worse of all, the print is close to microscopic; about a size 4-5 font. One has to literally pull out a magnifying glass to peruse the book. IMO, the book is a waste of money and the content would have been much better published through a .pdf file to view (and zoom) on an ipad or even a subscription to an app. Was going to purchase other Spartacus pubs, but no way in hell after this one!
